

An Evening With and For Our Veterans

Sadly, due to the COVID-19 pandemic, we will not be able to hold The Fifth Annual Veterans Ball this year. This event has help us raise the necessary funds to provide extensive service to our homeless veterans.

Caffe Lena has graciously offered to host a live event for VCHC to honor our Veterans and raise the needed funds for our programs. We hope to build on our past success with this year's special event so that we may continue to serve the homeless veterans in our community.

Homeless Veteran. I am confident that you will agree that those two words should never be used in the same sentence. Yet each year, in our local communities VCHC serves over 200 veterans and their families. These are men and women who served our Country, Homeless.

Veterans & Community Housing Coalition has made a commitment to our local veterans to ensure that they receive the housing and support services they earned and deserve while transitioning to independent living after their military service. Like so many not for profit organizations, the pandemic has had a devastating effect on our organization and the brave women and men we serve.

Please join us on Veterans Day as we honor our Veterans from every conflict and every branch of our Country's Military. Enjoy entertainment from many veteran and civilian bands and a visit to the New York State Military Museum. Feel the pride of America as we listen to the experiences of our Veterans and active duty military members. Celebrate Veterans Day with us!

Your support will ensure that we can continue to provide safe, decent and affordable housing while providing the necessary support services to help our Veterans regain their dignity and lead productive lives in our community.
